FAX MACHINE CONNECTOR INSTALLATION GUIDE

The Fax Machine Connector enchances your traditional fax machine with features of TelNet Digital Fax

Hooking up the Fax Machine Connector

1. Using the Ethernet cable provided, connect the port labeled **WAN** to your network.
2. Connect the Telephone Port labeled **PHONE 1** to the Fax Machine. **PHONE 2** port may not be used.
3. Connect the Power. There is no ON/OFF (I/O) switch so the device turns on as soon as you connect the power. The **POWER LED** is lit (green) and when initialization completes (up to 5 minutes), the **STATUS LED** changes from red to green.

Sending a Fax from your Fax Machine

1. Put your document in the fax machine.
2. Dial the 11-digit, fully-qualified fax number (1 + area code + fax number).
3. Press the SEND button.
4. Look for the notification email for success or failure message.

How to use your Digital Fax Services

Easy step-by-step instructions for using your Digital Fax service, including how to log in to the digital fax web portal to view and manage faxes, are available online anytime. Go to telnetww.com/resources to download user guides.
