# MICROSOFT TEAMS CALLING

## Add Calling to Microsoft Teams

Microsoft Teams is the ultimate collaboration application. Unlock its full potential by adding TelNet's Teams Calling solution to your Teams subscription and enable calling to anywhere. Get all the features of a Cloud phone system with the convenience and flexibility of Teams. Allow workers to communicate seamlessly on a single voice platform.

### Business Phone System

A comprehensive phone system in the cloud and includes classic and next-gen telephony features. It is native to the Microsoft platform and ecosystem, providing optimal integration to applications that you use daily.

### Managed

Don't know how to configure and manage the Microsoft Teams phone system? No problem. Our Microsoft Certified staff will manage the phone system, users, devices, and call flows for you.

### Mobility

Teams can be downloaded onto any device, allowing you the freedom to communicate and collaborate from the office, at home or on the go.

### Convenience

Fully integrated with Office 365, adding voice to Teams enables a single hub for teamwork where professionals can chat, meet, call and collaborate all in one place.

Harness The Power of Microsoft Teams Today

# Optional Features and Functionality

## System Management

We will configure and manage the phone system for you, or with you. Our Microsoft Certified staff will configure the phone system to your specifications

## Devices

Support for Microsoft Certified Devices and endpoints, available for various uses and applications.

## Dynamic E911

Automatically route your location information to emergency responders during an emergency call.

## Service Assurance

Dual redundant virtual session border controllers connect your Microsoft tenant to the Microsoft Azure cloud to securely route calls.

## Teams Admin Center

The phone system is configured and managed within MS Teams Admin Center. Leveraging the same platform and systems that you already use today for collaboration, directory and email.

## Get to Know TelNet Worldwide

Too many businesses struggle with communication technology that's ineffective and frustrating. **We're changing that.** Our empowering, cloud-based solutions simplify the way you communicate and collaborate.
